## Livingstone's Tiki

Emperor Heritage Mauritian Rum,  
Dobson's Distillery Oak Aged Saffron Gin, Rooibos Tisane,  
Lemon Oleo Saccharum, Rosemary Honey

*A play on the word 'Tiki', yes it is a rum based cocktail – Mauritian Rum (Emperor Heritage). As Dr. Livingstone was from the U.K. we created this with a base of tea. Rooibos in an African Tea. Lemon Oleo Saccharum is to mimic the citrus essence of a Jackalberry fruit. Undertones of herbs and spices accentuating an exotic, African profile.*
